Alcoa Eliminates Sunday Metal Tap

Alcoa's Rockdale Works has cut the pouring of aluminum on Sunday in an effort to reduce operating costs.

R. R. Sugg, plant manager, announced the cutback will affect overtime pay for about 225 workmen starting May 14. They are employees in the potrooms and metal service department at the Rockdale plant.

The new plan calls for carbon setting and metal tapping in the pots to take place Monday through Saturday. Potmen who must attend the smelting pots are not affected by the new schedule.

The overtime savings will amount to a fraction of the \$8 million payroll, a spokesman told the press.

Transition to the new schedule has taken about six weeks.

Funeral Services

Held Wednesday

For Henry Miller

Funeral services were held 2 p. m. Wednesday for Henry Miller, 79, who died in a Bryan hospital Tuesday.

Miller, a retired farmer, was born April 11, 1882 in Milam County. He has been living in Bryan for the past eight months.

Services were conducted by the Rev. Jewel Strong at the Liberty Church. Burial was in Liberty Cemetery. Marek - Burns Funeral Home was in charge of arrangements.

Survivors are two sons, Ernie Miller of Cameron and John Miller of Bryan; two daughters, Miss Lude Miller of Bryan and Mrs. Marie West of Rockdale; four sisters, Mrs. Polly Butler of Gause, Mrs. Mattie Malone of Milam, Mrs. Dora Turney and Mrs. Ann Tyler of Gatesville; nine grandchildren and 3 great grandchildren.

Pallbearers were Elvin Hoskins, C. W. Williams, Wayne Wieser, Von Jenness, Grady Allen and R. J. Woodum.

Library Planning Continues

Building Group To Meet

A meeting of the building committee of the Cameron Library Planning Commission within 10 days will result in a report out for recommendations for the proposed new Cameron Library.

Hilliard Thomas, chairman of the building committee, said this week his committee will outline recommendations for the 90-member Planning Commission's approval.

Commission President E. A. Perrin said he would call a meeting of the Commission as soon as building recommendations are completed.

Members of the building committee have been studying independently various types of library structures and suggestions from the University of Texas department of Library Science, Thomas told The Herald.

YHS Band Wins Interscholastic Regional Firsts

Yoe High School's band has won sight reading in the Region III University Interscholastic League at Marlin.

In the contest Saturday Cameron maintained its first-division winning streak, started in 1937, by bringing home a top rating in concert playing. Director of the band is Francis Cox, veteran director of the YHS musical aggregation.

In judges' comment sheets, ratings congratulated the band and Cox on tone quality and "musicalness" of the band and the work of the director with the band.

Judges also cited a claimant solo by Lanette Laffere played during one of the contest numbers.

One judge wrote: "I'm going to quit writing and sit back and enjoy this number. Congratulations." The YHS band's string of Regional concert firsts since 1937 is a record in Central Texas.

Fourteen men were laid off last week since customer ingot, tilt-mold ingot and direct-chill ingot were not operating at full capacity. And some extra potlining work has been completed.

2 Cameron Girls Suffer Injuries

Two Cameron youngsters suffered severe injuries over the weekend.

Anita Litzman, 9, daughter of Mr. and Mrs. H. J. Litzman, Cameron was rushed to St. Edward's Hospital Sunday for treatment of extensive cuts about her legs.

Medical officials said 100 stitches were necessary to close the wounds. The young girl ran through a glass door at her home.

And Marion Thomas, 8, daughter of Mr. and Mrs. Hilliard Thomas, of Cameron was treated Monday for severe foot laceration suffered in a mishap with a power lawnmower. She was recovering in St. Edward's Wednesday.

The birth certificate may be secured at the City Hall or the County Clerk's Office. The vaccination and D. P. T. shots may be secured from the family physician or the county health unit. Parents must bring the birth certificate and immunization papers at the time they register their child.

The Registration Day hours are from 1 p. m. to 3:30 p. m.; or parents who want to bring their child and eat in the lunch room, may come at 11:30 a. m. The price will be 30 cents for children and 35 cents for the parents. The school administration should be notified by Tuesday if you desire to eat in the lunch room. You are urged not to bring smaller children on these days.

School personnel look forward to serving patrons with efficiency and courtesy, McClaren said.

Spring registration for the 1961-62 Ben Milam first graders has been set for Thursday and Friday May 18 and 19, according to Max, McClaren, principal.

The administration is requesting that parents having a child who will be in first grade during the coming year, take care of three requirements: A birth certificate; small pox vaccination and D.P.T. shot series.

2 Sessions Boost West Week Plans

Bid Calls Announced For New Postoffice Building At Milam

Bids are being advertised for the construction of a new post-office building in Milam according to Postmaster John D. Yoakum of Milam and Cong. W. R. Poage.

Cong. Poage, in a letter to The Herald from his Washington office, announced bids will be received to replace the present postoffice which is housed in a store in Milam.

Postmaster Yoakum said advertising will be posted May 10 to June 20 for the 100 - square - foot masonry building complete with air - conditioning and moderate heating equipment along with adequate parking space in the South Milam community.

The new building will be leased on a five - year basis, Poage said. The plans were reported by the Postmaster General's office Monday.

"I am very pleased that the Post Office Department has seen fit to make plans for a new Post Office in Milam as it will most certainly be a fine asset to the community," Poage wrote.

Population in the Gause-Milam 1960 census area was 2,025, Gause also has a post-office.

Yoakum said bids are to be submitted to the Postmaster at Milam.

Shuffield Trial Set

The jury trial of Hubert W. Shuffield, Sr., 66, of Cameron, charged with murder with malice, has been set for 9 a. m. Monday, June 5.

Twentieth Dist. Judge W. C. Wallace set the trial date in arraignment proceedings Monday at Milam District Courtroom.

Shuffield entered a plea of not guilty to the charges. He has been free on a \$10,000 bond since first being charged April 14 with murder with malice in the shooting death of Jesse Kirk, Jr., 44, of Cameron.

Kirk was found shot to death in a small cafe owned by Shuffield the morning of April 14. Shuffield and his son Eual Shuffield, 37, also of Cameron, were charged with murder with malice in Justice Court.

A Milam Grand Jury April 25 returned an indictment against Hubert W. Shuffield, Sr., but "no billed" Eual Shuffield.

The Court appointed two attorneys to defend Hubert Shuffield. They are Charlie Smith, Jr., of Cameron, and Edgar Hoppe, Rockdale attorney.

Kirk was shot three times with a 22-cal. pistol.

Queen Contest Added To List Of Activities

Western Week planning began this week for the third annual renewal of the Cameron booster program for the Cameron Saddle Club Horse Show.

In two meetings, tentative plans to expand the scope of Western Week activities included:

ONE — Holding a "Miss Western Week" contest for the coronation of a Western Week queen who would reign throughout the year.

TWO — Traditional horse show parade and western and gaited shows on two weekends, July 8 and July 15, with two - a - day Western Week activities planned to link the shows.

THREE — Special events to include a special pet parade, Western Week dance, an old - fashioned style show, showing of silent "Western" movies and films of previous Western Weeks.

FOUR — A beard growing contest which begins officially Monday, but contestants can start now before the registration opens at the Camern Chamber of Commerce office.

FIVE — Emphasis on wearing western apparel during the week and special events put on by Cameron Fire Dept., the Texas Rangers and other groups.

About 25 Cameron Saddle Club, Cameron Chamber and representatives from other communities of Milam County met Tuesday night at Milam District Courtroom. An earlier meeting was held last Thursday.

Cameron Chamber office officials will be co - ordinating agency for the various program chairmen announced Tuesday, manager Jack DuBois said.

A third general meeting, with the public invited, will be held 7:30 p. m. Thursday, May 18, DuBois said.

Daily program chairmen were appointed for events for each of the five days between the Saddle Club Horse Show events at Wilson Ledbetter Park. The gaited show will follow the annual WW parade Saturday night, July 8. And the quarterhorse show will follow all day Saturday, July 15.

Enlarged facilities will be available at W & L Park with a wider arena area and additional seating facilities, Saddle Club officials said.

Other events considered for Western Week included a group sing in downtown Cameron, a fiddlers contest and "special events" of stage holdups, shoot - outs and similar activities.

Special events committee chairmen are: Buddy Shipp, Gene Smithnerman; Valtier White, John S. Batte, Lincoln Mondrik, Dr. George Bowman, Mrs. Edwin Brode, Miss Mildred Thornton, Mrs. Joe S. Hickman.

Mrs. Monroe Fuchs, Fleur-de-lis Garden Club President, stands with "Spring Fantasies" Flower Show top winners Mrs. Gene Friemel, horticulture Award of Merit winner, Mrs. Alton

Fuchs, Tri-Color and Sweepstakes winner and (seated) Mrs. James Lester, Award of Merit and Sweepstakes winner. The placement show was held at the E. O. Smith home Tuesday afternoon.

Report From The Confederacy

Thousands Answer Call; South To Field 100,000

By Robert Stonedale
MONTGOMERY, Alabama — Swords carried with honor by Revolutionary fathers are being sharpened by the blacksmiths on the South's great plantations tonight, while the cleaning and oiling of squirrel rifles is the chief occupation in thousands of farmer's cottages.

War drums resounding from the Rio Grande to the Potomac are summoning five million of Southern patriots to the defense of their homes and liberties, as dreams of peace between North and South fade into the pages of history.

Recruiting sergeants at Montgomery, Richmond, Charleston, Atlanta, New Orleans and in every hamlet in the South are besieged with mobs of willing recruits eager to carry their Country's Standard against the foe.

Men of wealth have turned their businesses and estates to the charge of their wives and families and are raising infantry and cavalry companies, often at their own expense, in order to meet President Davis' call for 100,000 men. The blood-stirring drums and the urgent summons of the bugle of Mars are combined everywhere in a paean of martial fervor.

Arkansas Secedes
Yesterday afternoon the Congress solemnly declared that a state of war exists between the Confederate States of America and the Union government. Before adjourning the Congress was informed that the Arkansas Legislature has voted favorably on Secession. The tally was 69 for to one against. Governor Henry M. Rector stated in a separate message that the decision was the only course open to his government.

"Arkansas has made every attempt to avoid the necessity of leaving the Union," he said, "but honor will not permit us to participate in a government dedicated to the destruction of the rights of the States. Had the sectional government now in power in Washington shown good faith in its dealings, I doubt not that this separation could have been avoided. Abraham Lincoln left no choice."

In Montgomery, Secretary of War Leroy Walker has been deluged with applicants for commissions in the Confederate military service. Hundreds of former U. S. Army officers are proffering their services as are leading political and civic figures. Although many of the latter have seen service in the Mexican and Indian wars, the majority have had no special military training. Because of the speed with which the army is expanding, it has been necessary to commission a number of gentlemen of limited experience.

The Secretary has announced that the present emergency will not permit the formal organization of the authorized National Army, and that a provisional force made up of troops from the several States will be substituted in order

Deep South troops board Virginia bound trains.

to meet the immediate necessity of providing large numbers of men for defense of the frontier.

Trained Officers Needed
"We have neither the staff to organize the Regular Army," Secretary Walker pointed out this morning, "nor the officers to instruct the volunteers. Some time must pass before the Government will have sufficient military supplies to equip a large volunteer organization."

"It has been decided to employ the trained militia of the States to meet immediate demands," he said.

Under this system each State has been notified of the number of regiments required and the locations to which they are to be dispatched.

In those States with large and efficient militia organizations, mobilization is not presenting insurmountable problems. The regiments are being equipped from the State armories and although modern rifles and artillery are not available for all units, Virginia, South Carolina, Georgia, Alabama and Louisiana are

Miss Richter, Jones Elected Cheerleaders

The Yoe High School student council selected two new cheerleaders for the 1961 - 62 school year last Friday afternoon.

Henrietta Richter, sophomore, and daughter of Mr. and Mrs. Henry Richter was chosen to fill the slot that will be vacated by graduating senior, Annette Dodd.

Dennis Jones, son of Mrs. Bobbie Jones, was also selected. There are now three boys and three girl cheerleaders. Dennis is a brother to present cheerleader, Mari- anne Jones.

Cheerleaders from last year that will be serving their second term, are Kay Harris, David Hudson, Marcellano Flores and Marianne Jones.

Other cheerleader candidates were Carolyn Slavik, Ruth Ann Graham, Bridget Michalka, Raye Baggerly and Margaret Hromcik.

In The Service

Technical Sergeant Rudolph R. Kaatz, an air police supervisor assigned to the 356th Air Police Squadron at James Connally Air Force Base, Texas, recently re-enlisted in the Air Force for an additional three years.

Sgt. Kaatz is the son of R. F. Kaatz of Rt. 2, Rogers. His wife, the Virginia A. Garrison, is a native of New York. The couple and their two children reside at 3627 Wheeler Street in Waco.

Sgt. Kaatz has 20 years service in the Air Force. He was stationed overseas prior to his assignment to Connally in March 1956.

James Connally AFB is part of Air Training Command, which trains personnel for America's expanding aerospace force of aircraft and missiles.

No Shortage Of Men

In the other States matters are proceeding more slowly. Florida Texas and Arkansas are being forced to enroll and train volunteers to meet their quotas and are having great difficulty supplying equipment. Many of the recruits from the West are required to furnish their own arms.

There is no shortage of men anywhere. Every State capitol is overflowing with hordes of willing soldiery who ask only to be enrolled and given a weapon. Already trains are moving north bearing thousands of troops toward Virginia and the other borders of the Confederacy.

"Contracts are being let as rapidly as possible for arms and munitions," Secretary Walker said at the conclusion of his press conference this morning, "and purchasing missions are being dispatched abroad. We shall place, 100,000 men at the President's disposal within the next few weeks."

It is estimated that more than 25 infantry regiments are now enroute to Virginia and other frontier districts. Thirteen cavalry regiments and 12 artillery battalions have been assigned to the War Department. An additional 35,000 men are reported in training in the various State camps of instruction.

County Agents Notes —

Weeds In Lawn Control Told

By J. D. Moore
Milam County Agent

The general opinion among most observers is that St. Augustine grass will "crowd out" other grasses and weeds because of the dense turf formed. Such is not the case with an invading weed called "Dichondra" or Pony Food is the common name.

Dichondra is a flat or low growing weed with round leaves that are about one half inch in diameter and the shape of the leaves are similar to the shape of a track made by a horse's foot. This weed grows very well in a St. Augustine lawn and is invading a good many nice lawns in Rockdale and Cameron.

TREATMENT: The leaflet L-425 titled Chemical Weed Control in

BRICK VENEER DWELLINGS can be insured with GEORGE CHILDRESS INSURANCE for less. \$5,000 Fire and Extended Coverage (Approved roof in city limits) just \$12.10 per year. OX 7-2112.

Lawns is available at the county Extension office and gives chemical control recommendations for Dichondra as well as most other common weeds.

Two chemicals are recommended for the control of Dichondra. Both should be used with Caution. 1 - 2,4-D, use 2 tablespoons of the amine form 2,4-D per 1 gallon of water. Use a household detergent or commercial wetting agent at the rate of 1 teaspoon of liquid or 3 tablespoons of dry material per gallon of water. Apply the 2,4-D solution as a mop or with a sprinkler can to thoroughly wet the leaves of weeds.

Some weeds will start dying within 48 hours. Others may require 2 weeks to show effects. Board leaved annual weeds that are susceptible to 2,4-D can be killed with one application. Weeds less susceptible, especially some perennials, may require retreatment.

CAUTION: 2,4-D is subject to drift hazards and should not be used near flowers and valuable shrubs.

2). The second chemical recommended for the control of Dichondra is ENDOTHAL. Three to four tablespoons of Endothal will control most weeds. Caution: Endothal will burn watered lawns and is more severe on lawn grasses than is 2,4-D.

Demonstrations using both chemicals are now in progress and those interested in the results of these demonstrations may contact the county agent.

4-H Notes

By Pat. C. Garner,
Ass't. Milam County Agent

The 1961 Sears gilts have been distributed to eight 4-H Club members in the county. All the gilts received were the best of the litter. This year there were some very good litters to select from.

Those receiving gilts were Larry Sherkir and Albert Glaser of Buckholts 4-H Club, Susan Abel of Rockdale 4-H Club, Larry Praesel of Sharp 4-H Club, Bernard Kostroun of Marak 4-H Club, Arthur Jistel and Martin Mueck of the St. Anthony 4-H Club, and Leon Hollas of the County - Wide Club.

Henry Abel, Jr., Rockdale Club boar pig was purchased from Henry Richter.

Feed Moisture Content Important

COLLEGE STATION — Many Texas dairymen make the common mistake of setting up their feeding program without considering the moisture content of the feed, as fed, as compared to the moisture

in the sample analyzed. J. W. Davis, extension dairy specialist, points out that all feed samples must be dried before analyses can be made and many laboratories report the results of their analyses on a dry basis. Others will convert the figures to the moisture content of the sample as they receive it.

If the producer assumes the laboratory is reporting moisture content one way when they are actually reporting the other, his feeding program would be very inefficient. In one situation a wrong assumption would mean underfeeding, and the reversal of that situation would mean overfeeding. The solution to this problem would be to ask the laboratory which way they report analyses, explains Davis.

When results are reported on the basis of sample as received, the values must be converted to a dry matter basis before applying the formulas used in the Pennsylvania Forage Testing Program or in similar programs for estimating digestible protein, total digestible nutrients and net energy. Dividing the values given by the percent dry matter in the feed will convert the figure to a dry basis.

Davis says the importance of using the correct value when formulating the feeding program cannot be overemphasized.

Re-Appointment Of Notaries Public Told

Sec. of State Frank Lake announced recently that all qualified Notaries Public desiring re-appointment for the new term ending June 1, 1963 must re-qualify by the payment of the required fee and the filing of a new oath and bond with the County Clerk of his residence between June 1, 1961 and June 10, 1961.

Lake emphasized that Notaries Public should not send requests for re-appointment or commissions directly to the Secretary of State. Any person not now a Notary Public who desires appointment should apply to his County Clerk before May 20. Any candidate applying for appointment must be at least 21 years old.

Wayne B. Wieser, County Clerk of Milam County, will be at the Rockdale State Bank from 9 a. m. to 12 noon and the Thorndale State Bank from 1 p. m. to 3 p. m. June 1, to qualify notaries in these areas. His office will also receive qualifications.

Rural Mail Box Program Told

The annual rural mail box improvement program - to assist the Postal Service in providing more efficient deliveries and to stimulate efforts to improve the appearance of the countryside - will be held May 15 to 20, the Post Office Department announced today.

The program is to encourage patrons to provide suitable mail receptacles erected and maintained for easy and safe accessibility, presenting a neat appearance, and affording protection to the mail.

The Post Office Department listed these suggestions for rural mail box improvement:

Boxes that are not properly erected, or not maintained in good serviceable condition retard the delivery of mail and expose it to the weather.

Boxes which are no longer serviceable should be replaced.

Name of box owner should be inscribed on the side of the box visible to the carrier as he approaches, or on the door if boxes are grouped.

Boxes and supports should be kept painted preferably white, but other colors may be used.

Mail boxes on rural and star routes must be located on the right side of the road in the direction of travel of the carriers in all cases where traffic conditions are such that it would be dangerous for the

Dolores Zarosky, Clifford Wohleb, 4-H King, Queen

By Frances H. Johnson

Milam Home Demonstration Agent
The Milam County 4-H King and Queen contest came to a climax Saturday evening in the Methodist Fellowship Hall in Cameron.

Approximately 150 4-H members, parents and friends attended the coronation of Dolores Zarosky and Clifford Wohleb of St. Anthony Club as the 1961 Milam County 4-H King and Queen.

Rose Mary Tomek and Robert Klecka of Marak were runner up. Margie Vansa and Ronnie Kostroun of Marak, out going royalty, crowned the new King and Queen.

Other candidates were: Buckholts - Janie Lou Brady and Joe Michael Brady; County Wide - Pat McClaren and Martin Jistel; Gause Judy Sue Alford and Ronnie Joe Shaw; Milam Jr. - Valery Yockum and Marshall Parsons; Milam Sr. - Linda Payne and Billy Downey; Rockdale - Patsy Tyler and Dean Stiles, and Sharp - Elaine Love and Dwight Praesel.

Johnnie Ray Richter, 4-H Council Chairman, served as Master of Ceremonies. Patsy Titsworth, Nan McClaren, Jo Ann Hollas and La Nell Moraw assisted with the program.

C. G. Swifts Extend Wedding Invitation

Dr. and Mrs. Clifford G. Swift invite Cameron friends to be present at the marriage of their daughter, Ann Johns to Mr. John Davis Duncan on Friday, the second of June at eight o'clock in the evening, First Methodist Church, Cameron.

An invitation is also extended to the reception in the Methodist Fellowship Hall following the ceremony.

Miss Betty Medlin Becomes Bride Of Lynwood Rubac

Miss Betty Sue Medlin, daughter of Mr. and Mrs. Ralph Tidwell, Plainview and Lynwood Clifford Rubac, son of Mr. and Mrs. F. J. Rubac of Buckholts, were married recently at the First Christian Church, Plainview.

Given in marriage by her stepfather, the bride was attired in a street length dress of white all-over embroidery, styled with fitted bodice, rounded neckline and large puffed sleeves. Her shoulder tip veil of illusion was attached to a small beaded cap and she carried a bouquet centered with an orchid, atop a white Bible.

Mrs. W. F. Reed, sister of the bride, attended her as matron of honor. She wore an orchid street length dress and carried a bouquet of orchid flowers.

Best man was N. G. Haisler, Sr., brother-in-law of the bridegroom. Ushers were Lloyd Medlin and Ronnie Rubac, brothers of the couple.

The groom's sister and husband were hosts for a reception at their home.

MRS. JOHNNIE MALCIK Marcella Woytek Weds Johnnie Malcik Here

In a double ring ceremony performed 10 a. m. April 29 at St. Monica's Catholic Church Marcella Woytek became the bride of Johnnie Malcik of Rogers.

Mrs. Malcik is the daughter of Mr. and Mrs. John Woytek of Cameron and Mr. Malcik is the son of Mr. and Mrs. Ignac Malcik of Rogers.

The Rev. John Geiser performed the ceremony. White carnations were used as floral decorations for the spring wedding.

Given in marriage by her father the bride wore a floor length dress of white lace with a full tiered skirt featuring pointed sleeves with tiny white pearl buttons. Her elbow length veil was of fine net with a pearl crown. She carried a bouquet of feathered carnations with lillie - of - the - valley on a white prayer book. Her only jewelry was a strand of pearls and marching earrings.

Mrs. Frank Malcik of Dallas was Matron of Honor. She wore a blue taffeta dress and carried white carnations.

Bridesmaids were Miss Mary Ann Hubnik and Miss Martha Ann Kopriva both of Cameron. They were dressed in pink taffeta and carried white carnations.

Frank Malcik of Dallas served as bestman and Maurice Woytek and Stanley Hubnik were groomsmen.

The brides mother was attired in Navy Blue with matching accessories and a white carnation corsage. The grooms mother wore a printed dress with matching accessories with a white carnation corsage.

Cameron CYO Teams Lose Games Against Rosebud Sunday

The Cameron CYO girl's and boy's softball teams played their second games of the season last Sunday against Rosebud. The girl's lost, 8-7 and the boys were dropped by a 1-9 count.

Girl team members are Theresa Koranek, Elizabeth Hrozek, Barbara Barta, Lorraine Wohleb, Mary Frances Hurtik, Jo Ann Hollas, Judy Mueck, Martha Meyer, La Neil Moraw and Carolyn Jistel. Their loss gave them a 1-1 record.

Boy team members are Pat Dillon, Johnnie Richter, Mike Mikula, Roy Wohleb, James Anderle, Robert Moraw, Joe Mayer, Carroll Richter and Johnny Krensek. They have lost both of their games.

Other CYO activities of the past week include the monthly meeting that 125 members and parents attended last Wednesday.

The Rev. Leo Pennings and Rev. Henr Boogard were guest speakers. These two have been doing missionary work in Chile the past fourteen years and related some of their experiences in their fight against communism.

The priests are in the U. S. to encourage Americans to help the Chileans.

Cameron Cardinals Drop Taylor Braves

The Cameron Cardinals defeated the Taylor Braves, 13-8 and the Buckholts Blue Birds dropped Rosebud, 27-4 in recent Cameron baseball action.

Wayne Puckett started on the mound for the Red Birds in the Cardinal game and was relieved by Tony Mondoza. Marion De La Rosa was their catcher.

The Cardinals go against the Rosebud Aztecs at Colonial Field here next Sunday. Gametime is 2:30 p. m.

Monroe Bayer paced the Buckholts squad in their 27-4 slaughter over Rosebud. Bayer homered and was the winning pitcher.

Carol Wayne Glaser and Don Tomasek also connected for round trippers.

CEN-TEX FEEDERS SUPPLY

HAS BEEN PURCHASED BY

Mr. & Mrs. Byron Wise

Byron Wise is the new owner of Feeders Supply, your Purina Dealer. Byron is originally from Brownfield, Texas. He was in the trucking business, before coming here. He is a graduate of Baylor University. Being raised on a farm and formerly a farmer himself he is well qualified to help you with all your farming problems. Byron is married to the former Frances Vogelsang of Cameron.

He has retained Joe Wazel and Henry Havlik as his staff. Both of these men have farming experience and are well informed about today's problems in agriculture and ranching. Also Fred Rascke the Purina representative for this area works closely with the store and their work with the farmers in this area.

Feeders Supply will continue to carry a complete line of feeds, seeds, sanitation products and fertilizer. With summer coming on these Sanitation products will be more and more important to keep your livestock and poultry in top shape.

Feeders Supply will continue to offer you the Check-R-Mix service which will grind and mix your feed to your personal judgement. They also have the latest in facts to help you get the most of your feed dollar.

Although the Mobil Mill was not purchased, the service of the mill may be obtained by calling the store.

It's farther between gas stops on today's superhighways. It's farther in a Dodge, too. Reason? Economical Dodge engines. Two Sixes for Lancer. A Six and five V8s for Dart.

Don't run down your battery every time your engine idles. Get a Dodge. You'll get an alternator instead of a generator. And an alternator charges your battery even at idle.

Rocket Ride Opens New Era . . .

The space flight of astronaut Alan Shepard has received heroic acclaim throughout the world. And the United States has, in a 15-minute rocket shot, gone into another era.

In regaining a competitive position in the space race, this nation also:

ONE—Found a hero whose calm and strength set an example for the Cold War-ridden Western World.

TWO—Saw the immense value of a free society risking its prestige in putting the space shot before the cameras and press of the world.

THREE—Learned that American technology can be turned not only to milit-

ary and propaganda advantage, but can bolster the national character with men like Shepard carrying the responsibility.

Unlike the Soviet orbit flight announced about two weeks ago, Shepard, the Cape Canaveral experts and the nation risked complete failure for all to see.

This raised Shepard's flight, though suborbital, beyond the scope of the Russian achievement. Had there been a failure, Gagarin's historic orbit would not have been announced.

It is the difference between the U. S. and Russia. Shepard's example makes the difference even more valuable and pronounced.

I Give You Texas

By Boyce House

In the second decade of the present century, one of America's wealthiest men was Frank A. Munsey. He owned several metropolitan dailies and Munsey's, a popular magazine.

He was a bachelor and was very reserved. He sent out several hundred presents at Christmas-time. He wanted very much to be liked but he was a lonely man.

One day he was in the office of Bob Davis, the editor of Munsey's.

New York City newspaper, when Irvin S. Cobb entered. Cobb, a former newspaperman, was a successful novelist and short story writer. He and Davis were good friends and had not seen each other in quite a while so they embraced, banged each other on the back and called one another "old hoss thief" and other terms that men use to hide the affection they feel for a close friend.

It was quite a scene and, after Cobb had left, Munsey said, "I'd give anything in the world if I could just turn myself loose and let myself go like you and Irvin can."

With all his money, Munsey was

in the real sense of the word, a poverty-stricken man.

Long years ago, there was a county which witnessed a great oil boom. Then the boom ended and the bank where the county funds were deposited failed. The county sued to recover from the State guaranty fund and an assistant attorney general represented the State in opposing this.

The county's chief witness was a former county official. He and an acquaintance were chatting and the latter remarked that the assistant attorney general was a bright young man.

"Yes," the former county official replied, "and he says I swore a darn lie and ought to be behind bars. Let him try to put me there - and he ain't heard no sivearin' yet!"

I've been eating eggs for quite some time now and had always considered the white of little importance. Then the other day, I read that 90 per cent of riboflavin - (whatever that may be) and over half of the protein of an egg is in the white. Lots of time I didn't even eat all the white. After all these years, they tell me.

Arrow Heads Make Subject For Book

AUSTIN — A Texan who has collected more than 40,000 arrow heads in the last 25 years has written a book under the title of "Arrows Over Texas."

The author is R. S. Reading, mayor of Corsicana. He is a retired public utility executive who started his interesting hobby in El Paso, some 25 years ago. Since then, he and his family have hunted arrow heads and Indian artifacts all over the southwest.

His present collection, numbering approximately 45,000 has been classified and mounted. They occupy a large room in the Navarro Junior College at Corsicana. He presented the collection to the college and it is studied by students and archaeologists interested in early-day man.

In his book, Reading describes the various types of points, indicating which were arrow heads and which were spear type heads. He also discussed the type of Indian campsites, pottery finds and other facts unearthed in his wide search for the arrow heads.

His collection comes from 91 counties in Texas and also from Oklahoma and New Mexico.

Mrs. L. F. Janicek visited her brother-in-law, Joe Zavrel this week at Scott & White hospital in Temple where he is a patient.

Legislature Must Act Quickly

By Vern Sanford

AUSTIN — From here on the Legislature must make every minute count if it is to wind up essential business before the regular session ends on May 29.

Despite the dwindling time, filibusters, postponements and disagreements have slowed progress on tax-raising and other "must" legislation.

The House passed 2 per cent sales tax faces two ultimatums. Gov. Price Daniel said he could not allow it to become law unless the total money-raising program puts more of the tax burden on business and less on individuals. Sen. Henry B. Gonzalez of San Antonio said he would filibuster against the sales tax if it came up in the Senate.

State Comptroller Robert S. Calvert estimated the House sales tax bill would raise in excess of \$150,000,000 a year. This is higher than other estimates and would provide enough or nearly enough to meet estimated revenue needs. Calvert, by law has the final and official say on tax yield estimates.

Governor Daniel's veto threat chilled earlier optimism about an early wrap-up of money problems and turned House members to thinking again in terms of compromise and "package bills."

Spending Conference
A ten-man conference committee is at work ironing out the differences between House and Senate versions of the general appropriations bill.
House bill would cost about \$16,000,000 more than the Senate's. Committee's task of striking a balance between the two is expected to take three weeks.

Senate members of this important committee are Senators Ray Roberts of McKinney, A. M. Alkin Jr. of Paris, Crawford Martin of Hillsboro, Grady Hazlewood of Amarillo and Wardlow Lane of Center.

House members are Representatives James Cotton of Weatherford, Bill Hollowell of Grand Saline, B. H. Dewey of Bryan, J. W. Buchanan of Dumas and Malcolm McGregor of El Paso.

Teacher Pay Pushed
Advocates of higher teacher salaries are pushing to get their bill in position for quick final action once the money-raising and general appropriations measures are out of the way.

House Appropriations Committee approved and sent to the floor a bill that would provide the full \$800 a year salary increase sought by teachers.

Goal is to get a pay raise bill passed in both houses, then send it to a conference committee to work out differences. Then at the strategic moment, it would be ready for final adoption by both houses.

Training Methods Scored
House members are pressing for speedy action for a measure that would require less emphasis on "how" and more emphasis on "what" in public school teacher training.

Rep. Henry C. Grover of Houston, a teacher on leave, is sponsor of the bill that would reduce required education (teaching method) courses from 24 semester hours to 12 for junior and senior high teachers. For grade school teachers the maximum would be reduced from a possible 60 to 24 semester hours.

One support observed that the late Albert Einstein wouldn't have been eligible to teach mathematics in a Texas high school. House voted to instruct the Education Committee to report on the bill immediately.

Re-Districting His Bump
Senate efforts to pass a senatorial re-districting bill were postponed by Sen. Jap Fuller's filibustering opposition.

Winds Affect Fishing

On All Texas Waters

AUSTIN — High winds have continued to harass fishermen on Texas waters, despite the fact that fish are ready to bite. Reports reaching the Game and Fish Commission from all parts of the state indicate lakes, streams and even coastal waters have been buffeted by the winds to such a degree that on most days fishing has been practically impossible.

"On the few days fishermen have been able to get out, they have come in with good strings," H. D. Dodgen, executive secretary said. "The mackerel run already has begun on the coast. A few tarpon have been reported and trout and red fish have been hitting good when fishermen have been able to get on the water."

So far, there has been no heavy draw-down on the principal lakes of Texas, according to the monthly report of the U. S. Army Engineer Corps. The lakes have been holding their level very well for the past month. The Whitney water level was raised slightly, but others have remained practically unchanged.

Heavy rains could affect this situation almost overnight, however. West Texas lakes are down below their requirements right now, and heavy rains with considerable run-off are needed in such lakes as Lake Sweetwater, Lake J. B. Thomas at Snyder, and Champion Creek Lake at Colodao City.

Philosopher Says The Answer To The Cuban Problem Is That There's Not Any Answer

Dear editor: Although I don't think the fate of the world rests on Cuba -- as a matter of fact, I don't know what the fate of the world rests on, maybe nobody, at least there's nobody I can put my finger on -- everybody is pretty generally agreed the United States pulled off a diplomatic flop in connection with that country, but that's no what I've been thinking about. What I've been thinking about is that in the past week I've read articles by dozens of columnists, experts, statesmen, etc., and while every one of them can tell you what we did wrong about Cuba, not a one of them can tell you what we should have done that would have been right. Everybody seems to be outraged at how we could have pulled such a blooper, and everybody keeps on hollering. What don't we do something about the Cuban situation? But when you ask them what, they shrug and say that's Washington's job.

The editorial writers of this country are first rate at telling us what we did wrong, but when it comes to telling us what we could do right, they've moved on to the next crisis and what we did wrong about that.

Now you might think this is a criticism of the editorial writers and columnists, but it isn't. The reason they don't tell us what we ought to do about Cuba is that they don't know either. What a lot of people don't understand is that there are a lot of problems in this world to which there ain't no answer. If you're looking to me to tell you what the answer to Cuba is, I'll tell you just as soon as I figure out what the answer is to the farm problem, tomorrow's weather, the city problem, family squabbles, the value of the dollar, teenagers, middle-agers, old people, earthquakes, television, why my tractor won't start. Don't wait around for an answer, if you've got any work to do.

Yours faithfully,
J. A.

TEXAS LAWYERS

Lawrence Sullivan Ross

Sheriff-Statesman

"Continue your good work and the people of Texas will not withhold their praise"

On the campus of Texas A&M stands the statue of Lawrence Sullivan (Sul) Ross, the school's revered one-time President. A state teachers college is named for him; he was a distinguished Governor and State Senator, a Brigadier General in the Civil War. But before the years of soldiering and statesmanship Sul Ross had made colorful, turbulent frontier history as a peace officer. He was a young (22) Ranger Captain when, in 1860, he and his company broke the power of the Comanches. It was Ross who killed the wife, the noted Pete Nocona, then captured and returned to civilization Nocona's white wife, Cynthia Ann Parker. Then, in 1873, on special duty, he became Sheriff of McLennan County, with full authority to rid central Texas of a horde of vicious intruders, who in reconstruction days had imposed their lawless "six shooter rule" and terrorized the area. In true Ranger fashion, Sul Ross soon had tranquilized McLennan, and several other counties as well!

Today Texans still owe much to the lawmen who brought peace to the frontier . . . and much also to industry and commerce, for bringing prosperity and pleasure. The brewing industry has done its part . . . providing community revenues, payrolls and the refreshment of moderate beverages. In Texas "beer belongs," and the United States Brewers Association is constantly at work with brewers, wholesalers and retailers to assure the sale of beer and ale under pleasant, orderly and law-abiding conditions.

Water Shortage Problem Told

By Cong. Bob Poage

Almost everyone agrees that we are faced with an impending water shortage. Of course, we all hope that within a short time we will be able to take sale out of sea water at low cost, but none of us can know what our success will be, and even if we succeed, the sea is a long way from many of our communities. I don't think we can afford to waste water.

Water which is polluted beyond further use is wasted and all polluted water which we can reclaim is just that much water saved. In most cases it is much cheaper to protect and reclaim water from pollution than it is to impound water. Besides, we are soon going to reach a point where there is no more water to impound. I have, therefore, supported anti-pollution laws in the past and I voted for the pollution bill passed by the House on Wednesday (May 3rd). This is the same bill which was passed by Congress last year but which was vetoed by President Eisenhower.

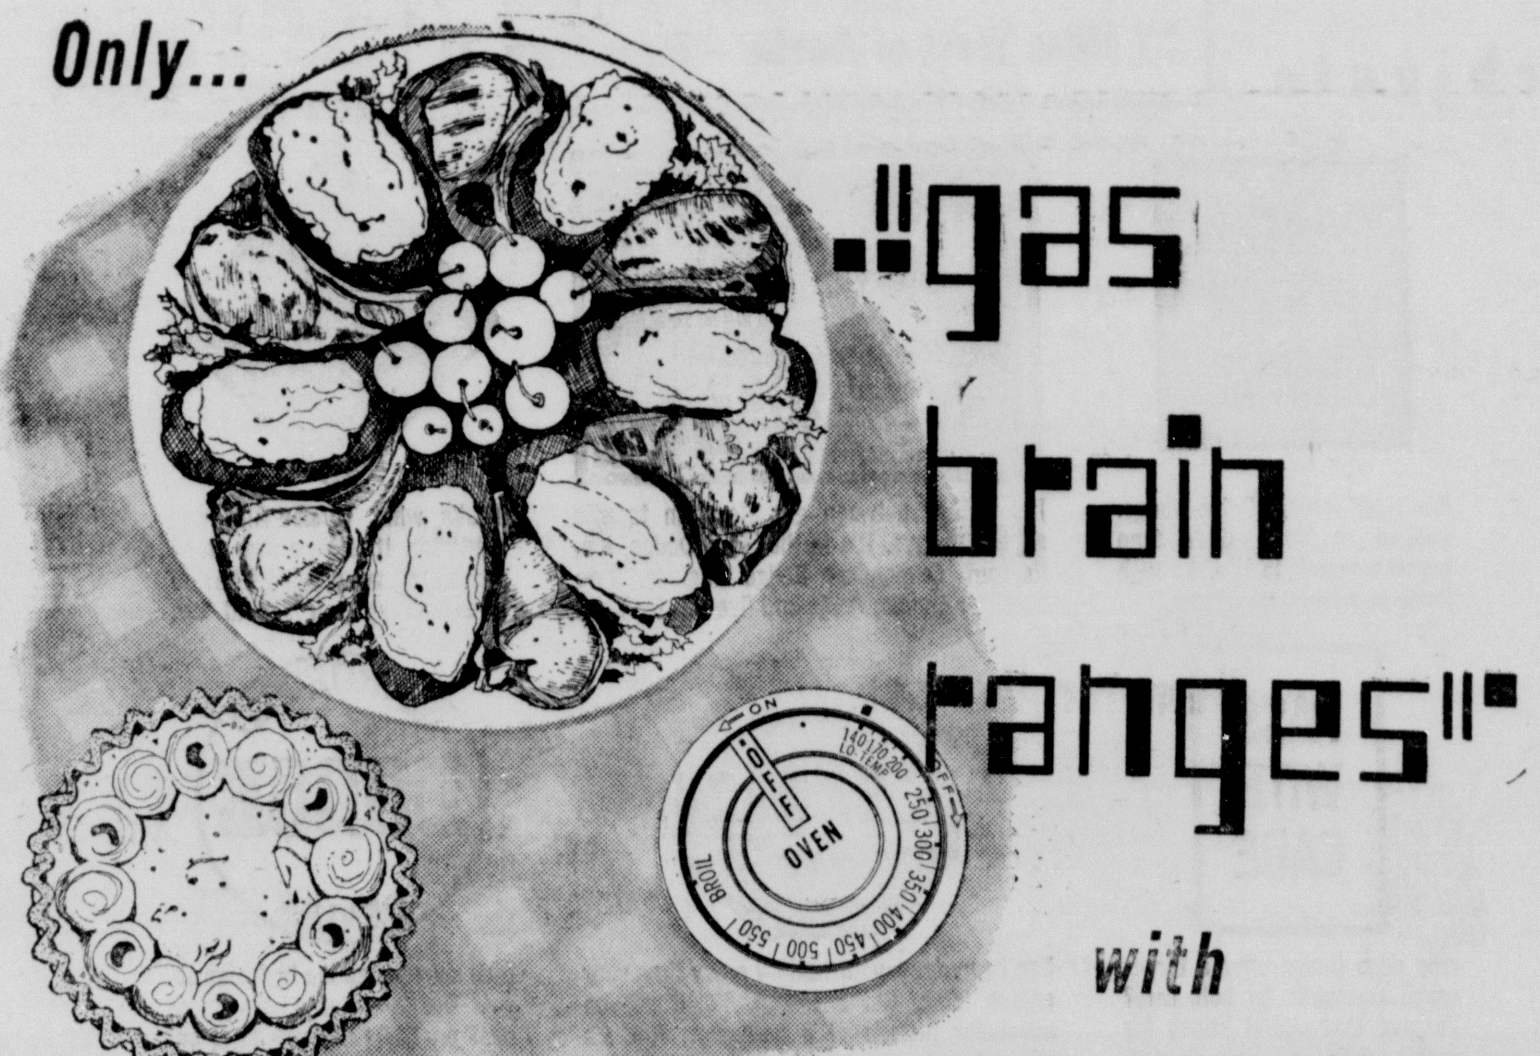

On the same day, both House and Senate accepted a Conference Report and sent to the President a Minimum Wage Bill - I think high wages are good as long as they are earned - that is so long as the worker can and does contribute more than the employer pays. Any other approach is bound to result in loss of employment on the part of the least efficient and, generally, the most needy of our workers. I, therefore, voted against the report.

Historically, America has tried to operate on the principle that the people have a right to know everything their government does. During war most of us have realized that we could not know all about tactical operations. It seems to me that we should recognize that the public cannot be given a televised report on our missile development -- or our failures.

This is written before we know the final outcome of the "man-in-space" project. You will probably know it before you read this. I fervently hope that it was a success. But success or failure, it has been carried out under a spotlight of publicity, which must interfere with our scientists and which much greatly aid the Russians. We have shown up all our weak spots -- no one knows how many failures the Russians had. I think this publicity policy has been a terrible mistake. Why cannot we go on with our research and tell the world nothing until we

achieve success? Are we seriously trying to recapture the lead in the space race, or are we only trying to capture the headlines?

Increases Proposed For Money Orders, Special Delivery Fees

Proposed increases in money order and special delivery fees starting July 1, 1961, were announced today by Postmaster General J. Edward Day.

No changes in special delivery fees for first class mail are planned. Special delivery fees for second, third and fourth class matter will be increased by 10 cents.

The increase for this service are expected to yield about \$2.5 million in additional postal revenues, based on current special delivery volume.

Money orders up to \$5 and over \$50 will be increased by 5 cents. The new money order schedule will combine the present 15-cent and 20-cent fee brackets into one at 20 cents. It also splits the present 30-cent bracket at the \$50 level, raising to 35 cents the fee for denominations up to \$100. These changes will affect over 100 million money order transactions. Based on this volume, new revenues would total about \$5 million.

Yoe Senior Play Success, Capacity Crowd Attends

The Yoe High School seniors presented their annual class play Tuesday night in the Yoe High Auditorium to a capacity crowd.

The play, "Curtain Going Up", was presented in three acts under the direction of Mrs. Beatrice Wiess. She was assisted by class sponsors, Mrs. Emma McDermott and Mrs. Barbara Burke.

Actually the three act skit was a play within a play. The plot concerns a group of high school students competing for roles in the play cast.

Jean Lester portrayed Lorry Fuller, the school's top ranking journalism student and girlfriend of Any Fulbright portrayed by Joe Harber.

Bobby Griswold and Wally Short kept the full house in an uproar; Griswold played Milt Sanders, school badboy and Short was Tony Peterson, the school's cranky janitor who did his best to keep things unpleasant for the new teacher, Miss Ann Burgess, played by Verlene Cochran.

Roy Wohleb playing the part of playboy Jacko Guthrie and a rebel soldier in the school play kept up bitter feelings with Harber and Earl Morgan. Morgan played football hero, Buck O'Hara.

Other play members were Annette Russell, Virginia Reichart, Helen Reid, Vera Ann Perrin, Viva Lynn Haney, Marilyn Hughes, Annette Dodd, Sharon Vick, Iven Vogelsang, James Barta, Connie Mauldin, Dorothy Boecker, Rosemary Matula, Linda Ward, Gerry Zolt, Mary Kestenbaum, Aileen Pilling, Sharon Schneider, Carroll Fikes and Norvell Barrett.

Sound effects man was Johnny Springer and Jimmy McClaren was prompter.

Outdoors In Texas

By Vern Sanford

Texas is a great state for hunters seeking lesser sculp and for fishermen angling for channel bass spotted weakfish and cobia.

If you're an outdoorsman and these names don't ring a familiar bell don't be alarmed. They are not new species introduced to the state. They are species that have been here for a long, long time. You know them well -- but by other names.

Actually you know them by their sectional names rather than their common proper names.

The lesser sculp is the bluebill; the channel bass is the redfish; the spotted weakfish is the speckled trout; and the cobia the line.

For many, many years there has been considerable confusion over the common names of fish, birds and animals. With Texas' population growing, that confusion has spread into the Lone Star State because many of the folks now residing here came from other sections of the nation.

All fish, birds and animals have scientific names. But few people can pronounce these Latin names, much less remember them.

Scientific names are chosen according to the international rules of scientific nomenclature and a scientific name can be applied to only one fish, bird or animal.

In a scientific name, the first name is the genus and the second name is the species. At times there will be a third name which indicates a sub-species.

We won't go into the scientific names applied to our wildlife, but let's consider the proper common names -- and sectional names or nicknames -- applied to some of our birds and fish.

Let's first consider some of the freshwater fish common to the state. Listed below are the proper common names of fish, followed

by the sectional names or nicknames:

LARGE MOUTH BASS — Black bass, bigmouth, bronzeback, southern trout, green trout and line-sides.

WHITE BASS — Sand bass, silver bass, striped bass, striper, sandy and barfish.

BLUEGILL — Blue bream, blue-mouth, sunfish, bream, copperhead bream and dollard.

WHITE CRAPPIE — This fish has more sectional names than any other fish. Just a few include: bridge perch, bachelor, campbellite, papermouth, sac-alate, lampighter, chinquapin perch and goggle eye.

CHANNEL BASS — Red fish, red drum, bronzeback and spottail.

SPOTTED WEAKFISH — Speckled trout, speck, spotted squeteague, saltwater trout and yellowmouth trout.

COBIA — Ling, lemonfish, sergeant fish, ingcod and buoytender.

Now let's try the something with some of the waterfowl that winter in our state:

CANADA GOOSE — Honker, Canadian honker, ringneck goose, whistler, northern goose and winter goose.

SNOW GOOSE — White brant, wavy and galup goose. It should be pointed out here that the true brant doesn't come to Texas. It is found strictly on the Atlantic and Pacific coasts and then in very limited areas. Any true brant that comes into Texas is a non-conformist.

PINTAIL — Sprig, spike duck, spike - tail ducks, gooseneck duck and whistling duck.

MALLARD — Greenhead, northern mallard, water mallard and puddler.

LESSER SCAUP — Bluebill, raft duck, blackie and blackheads.

RUDY DUCK — This duck has 23 nicknames. Just a few include: masked duck, robber duck, fantail duck, blackcap, balckjack, ruddy and spiketail.

It sounds odd that the ruddy duck should be called "fantail" and "spiketail". But here's why.

DEEDS

Oxshere Smith, Aetna Smith, Goddard W. Smith Jr., Vivian McIntyre to Burley Burton for \$1 consideration; a small tract of land out of the William Moore Survey.
Fred Hoyle to Dr. J. S. Hubert

When the duck is flying, the tail does look like a spike. At rest on the water the duck spreads its tail like a fan.

Some time ago the Outdoor Writers Association of America compiled a list of American sports fish, using one name only to designate each species. Although OWAA released the list several years ago, most writers continue to use the most common name used in their respective areas.

So it looks like we'll have to live in a world where many names will be applied to the same fish, bird, or animal -- regardless of how confusing it might be.

Just because a fellow calls a fish by a name other than the one you apply to it, don't take the guy for a foreigner or a dunderhead.

It just might so happen that he knows more about the fish than you do, even if he does refer to it by a different name.

for \$10 and other consideration 28 acres of land out of the J. K. McLennan League.

A. D. Olinger to A. E. Bonorder for \$10 consideration. 65 acres more or less, about 2 1/2 miles southwest from Gause, a part of the Fernando Rodriguez Three-League survey, known as subdivision No. 10 in the Henry J. Runge subdivision of League No. 3 of said three leagues.

Juanita Thomas to A. D. Olinger for \$10 consideration. Lots Nos. 1 and 2 of Block No. 6 of the town of Gause, known as the Anna Faubion home place.

Hazel B. Thomas, Marie Thomas Stevenson, Ernest T. Thomas to Myrtle Thomas Varner for \$25 and other considerations, 349 acres of land being a part of the Charles Chevallier 621 acre survey.

Vernon Dymke to Walter E. Fisher for \$10 and other consideration, 8 4/100 acres of land out of the old Frank Dymke farm, out of the Wm. Allen Survey, just south of Rockdale.

Rocking Chair Ranch to J. B. Smith for \$2,248.01 consideration, a lot 55 by 120 ft., in size out of the N. E. corner of the J. B. Smith lands.

Carl H. Thomas to Bobby Ray Coldiron for \$3,520 consideration, 2 tracts of land - first tract: approximately 16 acres, in Milam County, Texas, being a part of the 100 acre tract in the Joseph Cottle Grant and a tract 19 acres, more or less, in the Joseph Cottle Grant.

J. M. Gee to Edmund L. Garner for \$10 and other considerations, 20 acres of land, a part of the Jose Leal survey, a part of the O. D. H. S. lands north of the I. G. N. Railroad.

A. M. Holley to M. D. Weems for \$10 and other consideration, 115 55/100 acres of land out of the T. J. Chambers Grant.

WIED-HARDWARE

It unwinds the twistiest roads

Take the wheel of a Buick and suddenly roads seem to run straight as a rule —without twists or bends. The secret? New Control Arm suspension that takes corners flat. And, matching Buick's smooth ride is the trigger-quick smoothness of its Turbine Drive (no extra cost!) and big Wildcat V-8... the smooth look of its Clean Look. Guest-test it soon!

BUICK

Exciting new proof... when better automobiles are built, Buick will build them.

Nothing but the best is good enough for Mother on May 14th. As much as we would like to see Mother take it easy on May 14th, we know she'll probably be out in the kitchen at mealtime as usual. So here are a few easy-to-prepare foods that can be whipped into nourishing meals in a matter

of minutes. Sweet, tender, ready-to-serve hams... complete frozen dinners... crisp, garden-fresh vegetables... and many more. The best for Mother on Mother's Day, May 14th.
